PETITION UNDER 37 CFR 1.182

This Petition Under 37 CFR 1.182, filed in the above-identified application, requests correction of the second inventor's name.

Statement of Facts

1. The Declaration submitted with the initial filing of the above-identified application inadvertently identifies the second inventor by an informal name (Jeff) instead of that inventor's full given name (Jeffrey), and fails to list both inventors' middle initials.
2. 37 CFR 1.63(a)(2) requires that each inventor be identified by full name, including the family name, and at least one given name without abbreviation, together with any other given name or initial in the oath or declaration. Therefore, the inventors should have been identified as Travis E. Swanson and Jeffrey J. Rooney.
3. A Supplemental Declaration For Utility or Design Patent Application properly identifying each inventor and executed by both inventors is enclosed herewith.
4. An Application Data Sheet including the bibliographic information of the inventors of the above-identified application in a format specified by the Office is also enclosed herewith.

Discussion

According to Examiner Note of form paragraph 6.05.18, except for correction of a typographical or transliteration error in the spelling of an inventor's name, a request to have the name changed from the typewritten version to the signed version or any other corrections in the name of the inventor(s) will not

be entertained, unless accompanied by a Petition Under 37 CFR 1.182, together with an appropriate petition fee. 37 CFR 1.17(f) prescribes a fee of \$400 for a Petition Under 37 CFR 1.182. Therefore, applicants have filed the instant Petition Under 37 CFR 1.182, together with a petition fee of \$400 and a supplemental declaration, and request that the names of the inventors be changed from Travis Swanson to Travis E. Swanson and Jeff Rooney to Jeffrey J. Rooney.

The inventors' names used on the originally filed declaration were taken from an invention disclosure form (see Exhibit A). There was no deceptive intent in using the names of the inventors as they appeared on the invention disclosure form.

Respectfully submitted,
